Required Core Credits

18

Flexible Core Credits

12

College Option Credits

63

Major Credits

15

Elective Credits

This 4-year academic plan is designed to help freshmen entering Queens College in Fall 2022 plan their academic career and ensure that they complete all requirements for graduation in a timely fashion. All other students should consult their academic and department advisors to chart their own 4-year academic plans. Students should note that course pre-requisite/s and co-requisite/s are strictly enforced and they should regularly meet with their department advisors to identify their specific major/minor requirements and entrance and maintenance criteria (if applicable) for successful completion of their degree.

QUEENS COLLEGE

Studio Art BFA (*Sculpture Track*)

ARTS 394 Performance Studio	3 credits
General electives**	9 credit
Spring total credits	15 credits

► BFA majors are encouraged to take additional art history courses as well as ARTS 393, an internship at a faculty-advisor-approved non-profit arts organization in New York City. Majors should take ARTS 391 and 392 consecutively in their final two terms as the last part of their studio coursework.

**General Electives: Students may complete general electives by taking courses in (most) department/s or programs they choose; however, depending on the course/program, students may need department permission and/or prerequisite course/s. Electives may be used to supplement the chosen major (an English major may want to take a course in French or Italian literature) or to fulfill interest in a different area (a Music major may be interested in the physics of sound). Students are encouraged to use available electives to complete a dual major, minor, pre-requisites for graduate or professional school, or complete and internship, experiential learning and/or study abroad. Students are encouraged to use their available general electives wisely and focus on coursework that will assist them personally, academically and professionally.
