College Option Credits

40

Major Credits

38

Elective Credits

This 4-year academic plan is for freshmen entering Queens College in Fall 2024.

Our 4-year academic plans are illustrative examples of integrated degree requirements and course sequencing for each of the College's programs of study which are designed to ensure degree completion in a timely manner. Students are advised to meet with professional and faculty advisors to tailor their degree maps to their individual interests (academic and career goals), as well as other considerations including course offerings and the incorporation of winter and summer sessions. Course pre-requisite/s and co-requisite/s are strictly enforced, as are entrance and maintenance criteria (if applicable) for the successful completion of the degree.

Spreadsheet Programming	
ECON 249¥	3 credits
Statistics as Applied Economics	
Second Major, Minor, or general electives *	6 credits

Spring total credits**15 credits**

- ▶ To declare a major in this track, a student must have an overall grade point average of 2.0 or higher, and must have completed at least 30 credits at either Queens College or another accredited institution.
- ▶ C- is the minimum grade required in all accounting courses.
- ▶ D is the minimum grade for ECON, BUS, and CSCI courses.
- ▶ In addition, all students must earn a GPA of 2.0 or higher in all courses usable for the major (i.e., accounting, economics, business, and computer science that qualify for the major).
- ▶ Students earning a grade of D+ or less (in ACCT classes) or a failing grade (in non-ACCT classes) within the major must retake the course. A student's ability to retake a course is limited to only two times. A student who did not earn at least the minimum grade after two such retake attempts will be dropped from the major.
- ▶ Major GPA Requirement applies after completion of four major courses. Students must maintain the required GPA in order to remain in the program.
- ▶ General Education requirements may be taken in any order if the pre-requisite requirement(s) is/are satisfied.

ACCT, ECON or BUS Elective **	3 credits
Second Major, Minor, or general electives*	5 credits

Fall total credits **15 credits**

SPRING

Second Major, Minor, or general electives*	15 credits
Spring total credits	15 credits

** ANY TWO additional courses presently offered in Accounting, Economics, or Business.

® Accounting students can take **MATH 122** with the P/NC grading policy and if a “P” is earned it would be accepted as a prerequisite for ECON 249. However, **MATH 122** with a P grade will not fulfill the Pathways’ MQR requirement, pre-requisite for Calculus I (MATH 131, 141, OR 151), OR the Economics/BBA major/minor pre-calculus requirement.

® **MATH 122** with a grade of D or better fulfills the prerequisite for ECON 249 **OR** if a Student is placed into Calculus (Math 131, Math 141 or Math 151), student is considered to have fulfilled the Math prerequisite for ECON 249. However, MATH 122 with a “D” grade will not fulfil the Calculus I (MATH 131, 141, OR 151) prerequisite minimum grade requirements.

¥ ECON 249 is not open to students with credit for MATH 241, which will be accepted in lieu of ECON 249.

¥ Psychology 107 or Sociology 205 may not be substituted for Economics 249 except by students who have taken either course as part of a Psychology or sociology co-major.

*General Electives: Students may complete general electives by taking courses in (most) department/s or programs they choose; however, depending on the course/program, students may need department permission and/or prerequisite course/s. Electives may be used to supplement the chosen major (an English major may want to take a course in French or Italian literature) or to fulfill interest in a different area (a Music major may be interested in the physics of sound). Students are encouraged to use available electives to complete a dual major, minor, pre-requisites for graduate or professional school, or complete an internship, experiential learning and/or study abroad. Students are encouraged to use their available general electives wisely and focus on coursework that will assist them personally, academically and professionally.
